

we:boost

5G COMPATIBLE

WEBOOST PRODUCTS SUPPORT THE LATEST IN 5G TECHNOLOGY.

GIVE RV'ERS THE POWER TO STAY CONNECTED WHEREVER THEY GO.

With our most powerful booster and toughest antenna, RVs can now get cell signal on the road and at the campsite.

The **Drive Reach RV** by weBoost, is our most powerful multi-user, in-vehicle cell signal booster yet.

- It's designed for use with all RV classes — particularly Class A and Class C, as well as towables and trailers.
- Whether parked or on the road, RVers enjoy fewer dropped calls, better voice quality, uninterrupted texts, faster data speeds, better streaming, and improved hotspot capability.
- With up to 50 dB max gain, Drive Reach RV delivers the strongest cell signal possible on all available network speeds.
- Drive Reach RV is compatible with all cellular-connected devices on all U.S. mobile carrier networks: Verizon, AT&T, T-Mobile, UScellular, and more.
- Meets all FCC guidelines and won't interrupt or harm any cell carriers' signals to and from the cell tower.
- Backed by a 2-year manufacturer's warranty and a 30-day money-back guarantee.

DRIVE REACH RV

470354

Key Features

Drive Reach RV boosts cell signal and provides cellular connectivity when it matters most by reaching 74% farther than the Drive X RV to pick up a signal.

The outside antenna meets current U.S. Military and NEMA IP66 standards and will endure the toughest conditions; including wind, rain, hail, dust, dirt, and more.

With its height-adjustable design, the Drive Reach RV's outside antenna can be raised, from 7.5 to 20.5 inches using a modular mast extension, to optimize its performance without violating RV height restrictions.

Equipped with a generous 25-foot length of RG-6 low-loss cable, the Drive Reach RV allows for ideal placement even in the largest RVs.

SPECS

WHO IS MOST LIKELY TO USE THIS PRODUCT?

- Summertime and weekend RVers who drive to remote locations
- Remote workers who live and travel in their campers and vans
- Outdoorsmen and hunters who often camp on the weekends

IDEAL USE-CASE SCENARIO

For RVers who demand the most powerful cell phone signal from the most remote locations for multiple users and devices.

INSIDE THE BOX

All components needed for installation are in one complete package. This includes the following:

1. Drive Reach RV Outside Antenna
2. Drive Reach Booster & Mount
3. Inside Antenna
4. 13" Mast Extension
5. Side Adapter & Spring Base
6. Cable Tie-Downs
7. Cable
8. Power Supply
9. Outside Antenna Mount
